

Newsletter January 2020

A new year, new events!

We have an exciting year ahead with our big event in April, **Passionate About Plants** (PAP), our usual monthly meetings, eight in all, with excellent speakers, our three public plant sales and three trips planned to interesting venues.

Our first meeting of the year, **Feb 3rd**, is a social evening with refreshments, including wine and food, and a short quiz following the AGM.

With the PAP event now on the horizon, please don't forget to secure you ticket!

The first trip is to Chelsea Gold medallists, Hardy's Cottage Garden Plants in Hampshire on **Wednesday June 3rd**

On **Wednesday 1st July**, there is a trip to Hever Castle in Kent.

And on **Wednesday 23rd September** the final trip is to Daisy Roots in Hertfordshire, the nursery of Annie Godfrey, another Chelsea Gold medallist!

This enticing list of activities is only made possible by the work of your committee and valuable helpers, but we have to stress that **NEW COMMITTEE MEMBERS ARE NEEDED** to keep this show on the road! Please step forward if you can offer to help on this.

The other activities planned, mainly to advertise us, are having a stall at Eastcote House Gardens in June and Chenies Manor in July. Again, any willing pair of hands would be welcomed.
